Martha Layne Collins High School

“ We have consistently been pleased with the services of Sherman Carter Barnhart Architects. They consistently demonstrate a priority interest of meeting our expectations and needs with high quality design and attention to detail. The firm has been attentive to integrating our new building designs with that of existing facilities. In a nutshell, we have been very pleased with Sherman Carter Barnhart on every project they have worked on in Laurel County.”

Dr. Doug Bennett, Superintendent  
Laurel County Schools

# High School Renovation **experience**

“Since 2007, I’ve been fortunate to work with Sherman Carter Barnhart on 11 projects, from small renovations to large new schools. I know of no other architectural firm in the state with their level of experience in school design or their quality of work. They’ve consistently been great to work with, and always follow through on what they say they’ll do.”

Kerry Young, Board Chairperson  
Warren County Board of Education

“ I appreciate the attention to detail that Sherman Carter Barnhart provides and the unbiased information that is given to make sound decisions for Russell County School District. They have guided us through the design, and KDE standards and review process in a way that is very professional & understandable.”

Michael Ford, Superintendent  
Russell County Schools
