

New Elementary School experience

“The unique design enables the media center to be a bustling place, but the noise level is contained to wherever instruction is taking place. I believe that because of the openness, teachers feel that what is happening in their classrooms is extended and complemented when their students come into the library. They are able to see this for the first time in their teaching careers, because they are continually moving around this space during their planning or meeting times.”

Melanie Bishop
Library Media Specialist

Elementary School Renovation **experience**

“I truly can’t tell you how amazed we are at what Sherman Carter Barnhart was able to do for our school, and the climate of Garden Springs Elementary with this amazing renovation.”

Jimmy Brehm, Director of Curriculum & Assessment, FCPS (former Garden Springs Elementary Principal)
