

Middle School **experience**

“Sherman Carter Barnhart has been LaRue County’s Schools long time design firm. We’ve used them for our large new projects, as well as small work & studies that come up. We know we can call them and they are happy to work with us with the same dedication and enthusiasm regardless of the size of the project. It’s refreshing to have a firm of SCB’s caliber that you can feel free to contact for any of your facility needs.”

Sam Sanders, Superintendent
LaRue County Schools
